From Director Kincaid's Desk:

Thank you for joining us for this edition of WORLD magazine. It is always a great journey to travel with our missionaries across the WORLD and experience what each of them is experiencing as they share the Good News of the gospel in distant lands. As each page and story unfolds, enjoy this wonderful time with those who are co-laborers with Christ and with you. Good reading!

LOOKING FOR A MISSIONARY TO SUPPORT?

“Dear friend, you are doing a good work for God when you take care of the traveling teachers who are passing through, even though they are strangers to you. 6 They have told the church here of your friendship and your loving deeds. You do well to send them on their way in a manner that pleases God. 7 For they are traveling for the Lord and accept nothing from those who are not Christians. 8 So we ourselves should support them so that we may become partners with them for the truth.” (3 John 5-8 NLT) John in this chapter is writing to Gaius and commending him for supporting those “traveling teachers”, “preachers”, or “missionaries.” He remarks that they are “traveling for the Lord”, and, “we should support them”, we become partners with them for the truth.” It is no different today. Without the support of our churches, missionaries’ tasks would become more difficult. Some of you already support one or more missionaries generously. Is it possible that you might be able to add a little in order to bless those that are carrying the truth to others? And, if by chance you have not yet begun to assist one of our missionaries, may I recommend the following. They could benefit from your support. Thank you for all you do for Christ and His kingdom at home and abroad. Blessings!

• Per & Abbi Akvist, PCG Mission to Ethiopia • Early Spring • 2019 •

Dear Friend, when we read the Bible, we can understand that God is working in times and in seasons. He put emphasis and focus on certain things for that special time. Gal 4:4 "But when the fullness of the time had come..." I can feel a special time is coming, I can feel a sense of destiny! Soon we are going to celebrate a century as the PCG. I personally have been a part of it for a decade and when I read about our history, I become proud of being PCG. The past has been great, but let us also remember the Bible says "we go from glory to glory". I am excited about the new steps we are taking, putting legs and feet on the vision of One Mission–One Movement. God is our God of the future, let us aim for new and higher levels in the Lord.

When I stepped in to the position of Africa area supervisor, I felt the Lord speak to me "Africa arise". I believe it is the local expression for what the Lord wants to do in Africa and it fits right in as a sub vision to the worldwide OM-OM vision.

I want you to see and understand the size of the African continent. Do you realize that the USA, China, India and the bigger part of entire Europe can fit in to the size of Africa? I think it is amazing how the Lord entrusts us to take this responsibility.

In in order for us to move forward to reach higher levels, we first need to know where we are and with help of the World Mission office and Karen Ming, we are in that process to gather information around the continent. For this reason, I recently visited Kenya, Malawi and Mozambique. As we all realize, Africa is a big place! PLEASE KEEP US IN PRAYERS THAT WE ARE SUCCESSFUL AND THAT THE LORD SUPERNATURALLY SPEEDS UP THE PROCESS.

For some time, I have preached the vision of "the small crusade and conference unit" and have fundraised for it to be a reality. The last weekend of 2018 we held the first crusade with this small truck and now we are ready to keep moving forward. The vision of this truck is to be an evangelistic tool for the church planting movement as well as a platform for young evangelists, local Ethiopians and anyone from around the world that would like to preach the gospel in remote areas of Ethiopia!

PLEASE HELP US GIVE THANKS TO THE LORD THAT THE FIRST STEP IS COMPLETED AND THEN CONTINUE TO PRAY FOR FUNDS TO DO THE SMALL CHURCH PLANTING CRUSADES. THE COST OF ONE CRUSADE IS APPROX. \$5-6,000 USD.

**Thank you for your faithful support

Pastor Angelo Merli

The testimony shared in this newsletter is truly AMAZING; may God be glorified by its humble retelling here. My wife and I have known Pastor Angelo Merli for a number of years; we first met him at the Carletonville Bible College in South Africa. Italian by birth, but raised in South Africa – he worked for several years in the mines, but now owns his own metal shop where he does lathe and millwright type work for

a variety of clients, but mostly for area mining related concerns. Brother Angelo is currently the pastor of a new multi-cultural congregation in Fochville (Northwest Province) named Salvation & Gates of Praise PCG. He is fluent in at least 6 languages (Italian, English, Portuguese, Fanagolo, and a couple other African languages), but best of all he loves Jesus with all of his heart.

Earlier this year he hurt his shoulder, but shrugged it off as nothing serious. Then on a rainy March 9th he was attempting to cover the hole on a leaky house roof with an old scrap of conveyor belt. However, his shoulder couldn't take the strain, he lost his balance and fell backwards off the roof, landing on his back. For nearly 2 hours he lay paralyzed on the ground before he could be taken to the hospital. Upon examination the doctors discovered Angelo had 5 broken places in his pelvic bone, plus two lower lumbar vertebrae were broken.

The attending physician told Angelo he would likely be in a wheel chair for the rest of his life. This news did not discourage him, rather he was more determined than ever that he would walk again. As a matter of fact, during his 13 day stay in the hospital, he managed to hobble to the bathroom. When his doctor "caught" him coming out of the water closet one day he asked, "How long have you been doing this?" Angelo replied, "Ever since you told me I would likely never walk right again."

His doctor sent Angelo home insisting that he use the wheel chair. Unfortunately, both of Angelo's sons worked and his 13 year old daughter was in school. Tending to his own personal hygiene was "difficult", somehow he managed to help himself. Anyway, since he was home alone he attempted to walk. After being in a wheelchair for five days, he bravely got up and took a few painful steps. Eventually, he went outside and starting walking; his legs began to strengthen so

he kept adding steps. Before long he was walking on the Fochville-Potchefstroom highway! Motorists would stop to ask him if he needed a ride, to which Angelo replied, "No, I feel fine just walking." Indeed, it felt so good to walk...he just kept walking. However, after walking nearly 21 miles from his home he felt extremely tired and phoned his oldest son Mornay, "Son, can you please come and get me?"

His son asked, "Where are you Dad?" Angelo responded, "Son, I'm about 35 kilometers from you on the Potch road. Can you come and get me?"

Today Angelo is completely healed; truly a testimony to the wonder-working power of God in his life and ministry.

*** On page 2 please see Angelo's son Mornay's amazing testimony.**

Learning how to make a temporary stretcher

Aaron Emerson taught basic first aid & wound care at Jesus Worship Center-Ngabu, Chikwawa Malawi -Sept. 2018

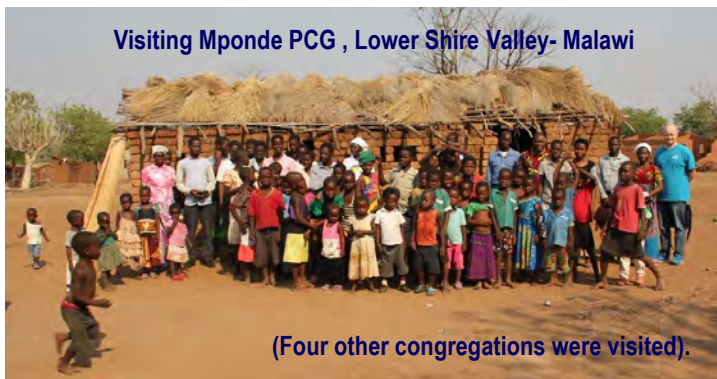

After the training session, Aaron presented certificates; here to Sis. Crissy, Bishop Chas Failosi's wife, Women's Ministry Leader

Approximately 90 participants attended

Photos at Left: Scenes from Malawi Ministry Tour - September 11-26, 2018. Below South Africa: (L) Pastor Anton Gresse-Vineyard Fellowship PCG-Blyvoor and (R) Pastor Raymond Vorster- Krugersdorp PCG.

Almost a month after his father's accidental fall, on April 12th Pastor Angelo Merli's son, Mornay, also met with a life threatening experience. Mornay works at an LPG gas bottle exchange store in the town of Fochville. His boss asked him to check the leaky regulator on a tank that a customer had just returned to the shop. Using the correct wrench to make an adjustment, he soon heard a hissing sound.

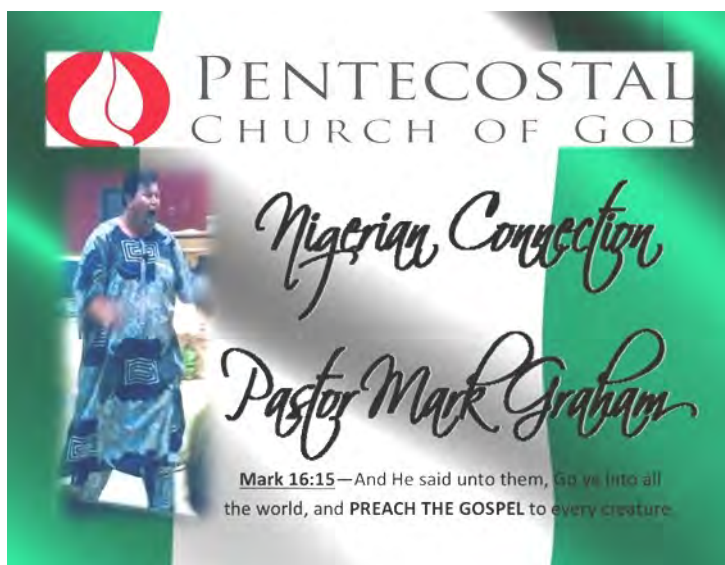

MORNAY'S STORY

Upon rechecking the regulator- that's when the an explosion happened. Everywhere he looked there was fire. However, he had enough presence of mind to grab a fire extinguisher and go outside where he doused out the flames. In no time the inside of the shop was gutted out by the fire.

At the hospital Mornay was treated for third degree burns on his arms and neck. He suffered for three miserable sleepless nights, yet his doctor sent him home instructing him to return to the hospital at regular intervals for clean bandages. This procedure was carried out for about 8 weeks.

As you can imagine, he asked himself why did this happen to him. At the end of this time period when his bandages were removed, the physician said, "Son, you don't have 3rd degree burns!" Indeed, his arms showed only minute scars. This fact was verified by Aaron Emerson who examined Mornay's arms during our visit in South Africa.

NIGERIAN CONNECTION FEBRUARY 2019

Greetings in the Mighty and Matchless Name of our Lord and Savior Jesus Christ!

I pray you have entered this New Year with determination, expectation, and vision for God to manifest and do in your life, all over the world, what we have never seen Him do before! We can look at the condition of the believer, and the church, and see the Words of Jesus clear as day; “the harvest is great, but the workers are few”.

Many have given up on their dreams and cashed them in to live up to the expectations of the status quo. But I am encouraging you today to pull your dreams and expectations out of the closet, shake the dust off them, pray and fast over them until a new-found fervor and fire of the Holy Ghost Anoints them, and then take off running for Jesus once again!

My wife Linda and I are the newly appointed Representatives to Nigeria for the Pentecostal Church of God. This is an appointment that we have no problem accepting or submitting to when asked. We have been travelling to Nigeria, on our own, since 1996. From smuggling Bibles into the extreme Muslim north, to preaching on the River Rhine where no white people have ever been before; so, when approached by General Bishop Ming, and then later Director Kincaid, it was an easy prayer-filled decision to respond with a hearty YES LORD!

Our schedule has been filling up since October with pastors and churches requesting us to come in and minister for them. Texas, Oklahoma, California, Arkansas, and Kentucky dates are already set, but we have room in our schedule to come minister to you. We are raising funds to first travel to Nigeria in April to inspect our current churches, and minister to our pastors there. Then secondly to set-up our first ever Minister’s Conference in Nigeria for the Summer/Fall of 2019. We are sure to add NEW pastors to the PCG, and NEW churches to the PCG through this Holy Ghost endeavor!

How can you help and assist us? You can either mail your financial support into the general office (information will be posted below), or you can book us to come in and minister to your church. We will be celebrating 28 years in the ministry in June of 2019. So, we have no problem in sending you any ministerial recommendations that you may desire.

We are excited about putting a strong presence of the Pentecostal Church of God in this wonderful country of Nigeria. We love the people, the culture, and we are excited to see the harvest that God is going to bring to the Body of Christ there! Stay connected with us as we light the fires of revival and make the Nigerian Connection even stronger in Jesus Name! Please keep us in your prayers!

Blessings to All!

J. Mark & Susan Holbrook Kenya Field Representatives

Greetings from J. Mark & Susan Holbrook, your Field Representatives to Kenya.

We are happy to report that the PCG is alive and well in the nation of Kenya! The Gospel is being preached with signs, wonders, and miracles following. Souls are being saved. People are being filled with the Holy Spirit. New churches are being established. There is so much to tell that we don't have room to share everything in this letter. Here are just a few of the highlights:

We were able to return to the town of Nyangusu in western Kenya where we spent a full week teaching and training a group of more than 100 pastors.

As the week progressed, we were also holding revival services in the evening. As the word was taught during the day, a demonstration of the power of God was manifested at night.

One of the late afternoon sessions had us teaching about divine healing. As we moved directly into the evening service we called for the sick to come forward for healing. Approximately 65 people came to the front. Our pastors were surprised when I told them that none of the American ministers were going to lay hands on the sick. I wanted them to understand that the same power to heal the sick was in all of us. As we prayed together and they laid hands on the sick, we saw miracle after miracle.

One 20-year-old woman with abdominal

issues had been sick since she was 11. She had been in at least three different hospitals, had seen many doctors, and had had multiple surgeries. After all the doctors' efforts, she was still in constant pain. As the power of God fell in that place, she began to weep and rejoice because all her pain was gone in an instant. Three days later, she would still break into tears as she testified that there was no pain and she was able to eat without feeling sick.

In another afternoon session, we were teaching about the infilling of the Holy Spirit and His work in the life of the believer. That evening as a strong thunderstorm began to roll through, we called for those who wanted to receive this same Holy Spirit. The storm was growing stronger as a group of 23 individuals made their way to the front. The sound of the rain on the tin roof was almost deafening as one of our U.S. ministers was preparing to lay hands on them. At that moment we lost all electric power, but a Heavenly power source flooded the building and all 23 that were seeking the Holy Spirit were wondrously filled and began speaking in other tongues.

2019 promises to be the best year we have ever had in Kenya. With the help of District Youth Directors Josh & Lynnea Martinez, preparations are being made to lead a group of young people from the East Texas District on a missions trip early in March. This is sure to be a life-changing experience for all of us. We will be taking the gospel into elementary, jr. high, and high schools during the day. In the evenings we will be holding open-air crusade meetings where we will see hundreds receive salvation. These young people will also be laying hands on the sick and watching divine miracles happen as the Lord works with them, confirming the word with many miraculous signs.

We are in the early planning for two additional trips in 2019. They are likely to be in August and November. The August trip will include two family crusades, one in Nairobi and the other in Nyangusu. We will be focusing on families with school age children. Seminars will be held at each location for pastors and children's ministers to help give them the tools and the passion to better reach children with the message of the Gospel of Jesus Christ.

While we are very thankful for the support we have received, we would welcome additional partners in ministry. Your faithful and generous giving makes everything we do possible. EQUIP NICARAGUA

Engage the Lost, Equip the Found

The ultimate goal is to share the Gospel with everyone we come in to contact with. Not only is our goal to share the Gospel but to, as Ephesians 4:12 says, “equip God’s people to do His work and build up the Church, the body of Christ.”

Upon arrival, our main goal will be to learn the language (Spanish). We would like to lay a foundation and build relationship with the pastors, congregations and people of Nicaragua.

Digging In

An Article written by
Nancy Kingen
Missionary to China

When you were a child, did you believe you could dig your way to China? Well I did and fifty plus years and here I am! This marks the twentieth year of serving and living in Asia, with a detour here and there. I am so blessed to be able to serve the Chinese. I have had so many wonderful learning experiences, some filled with laughter and some with gut wrenching tears. I would never trade them for all the tea in China!

These past three years have been a relearning if you will. The laws have changed so much towards freedom of religion. The government has decided they want to “sinicize” all religions and return to more traditional socialist and communist practices. They are arresting and closing churches at an alarming rate. My friend’s church has been shut down here, and my study temporarily suspended. It doesn’t matter, Church closures and incarcerations do not stop God or His obedient and faithful servants! The Gospel will be proclaimed regardless of the rescinding of all religious rights here or in other countries.

When we look at the natural, we sense fear and worry about the future of Christianity here in China. We need a change of perspective. Believe me, these intense persecutions are solidifying and unifying the churches here.

In Luke 5, we have the story of Jesus and the great haul of fish. There’s a word that is paramount to our potentiality in reaping a harvest - (here it’s a huge one, 1.3 billion and growing). In verse 5, Peter makes a pivotal comment, “nevertheless at Your Word.”

Nevertheless is an adverb meaning it indicates a cause, it can be a producer of an effect, it can be motivation, a determinant or an originator. The cause is “at Your Word.” The originator is the “Source- Jesus of course.” This is one of the greatest statements of faith in the Bible, in my opinion. The effect is what I want to elaborate on.

After a negative sentence (failure to catch anything), it serves to mark a transition to something new. It's transitional, in that it moves from a negative to a positive. It is the difference between what we can do on our own and what God can do through our obedience and faith. Their capitulation was the bridge from the natural to the supernatural. Even though their own experience and expertise told them it was not going to be productive, these fishermen listened to a Carpenter. Their catch was unprecedented in a location that was hopelessly unproductive the night before.

The second aspect I want to focus on is that “nevertheless” is a point of transformation. There's a conversion that takes place when we obey God in faith. Number one there is a change in condition, they went from fishermen to “fishers of men.” Secondly their priorities changed. They recognized their own limitations and submitted their will to the power of “nevertheless!”

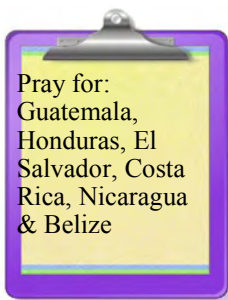

So when I take my eyes off of Jesus and I observe the intensifying persecution in China, it can be discouraging. Then in faith, I submit to the power of “nevertheless” at Your Word, acknowledging and expecting God to move in unprecedented ways!

Thank you for your faithfulness in praying and supporting the work here in China. I have been teaching English. It is one of the best evangelistic tools to reach people here. It's just a tool God uses it to open doors that otherwise I would never be able to personally open.

God bless you all!
In His service,
Rev. Nancy Kingen

CHRISTMAS AT AHIKAM

has become a tradition for us. This year was the best! Our 3 little helpers (Kati, Jessica and Yadira – PKs) were awesome!! Having worked with the kids before they were better able to get individual gifts for each child. (I helped wrap.)

We took 36 pizzas for Christmas dinner. We started out heating them in the wood stove – but pizzas do better in the gas heat! We added apples and grapes for a great **Kids' Choice Christmas Dinner.**

There were games, bonfire devotions, Bible Studies and memory verse competitions. My most heart-warming memories were the hugs and one special afternoon. I heard many voices and stepped outside to look down on the patio. The majority of kids were scattered around practicing their memory verses BECAUSE THEY WANTED TO.

GUATEMALA MISSIONS ENERGY

2019 is absolutely vibrating with Missions energy. Gustavo (Pastor in Huehuetenango) went to Brazil to preach a conference. Rogelio (Director of the Seminary) is going every other month to Costa Rica to teach Bible School Extension classes. Jorge, Steven and Eliu (Guatemalan PKs) went to Nicaragua and conducted their PK Retreat. There is a nation wide effort among the Guatemalan churches to raise money for a Pastor Training Center in Peru. Taylor and Micah Yursik interned here for a year and now Guatemalans feel they have a stake in their ministry. They have dreams and plans of short term missions trips to Peru to help the Yursiks with their tribal missions.

Charlene is starting to teach a Missions class in January. It is so obviously God's timing for Guatemalans to become involved in the going and sending of missionaries. 4 out of 5 unbelievers in our world do not know a believer. Most of them do not know a Christian who speaks their language. WE ALL NEED TO BE INVOLVED IN MISSIONS. Please join us in prayer that the Lord of the Harvest will send out laborers into the fields.

NATIONAL OFFICES NEEDED

The current office here in Guatemala is a 12 X 14 foot room serving 350 churches. We have begun building a new building here on Campus that will house offices, board meeting room and a missions apartment area. We have less than half of the funds needed for this project. Let us know if you would like to help.

PENTECOSTAL CHURCH OF GOD

• Family Mercy House • Winter - Newsletter • 2018—2019•

Dear friend, Happy New Year from Addis Ababa and the Family Mercy House!

According to the Ethiopian calendar, Christmas is celebrated on January 7th. We prepared a Christmas celebration program at the end of December for the children that was a part of their monthly program. During the Christmas Celebration program, the children heard a story, they watched a movie, they sang Christmas songs, they had special Christmas snacks, and they were then given gifts by "Santa Claus". The children were very happy beyond our expectations. Therefore, we are very happy!

Exchanging gifts for Christmas is not part of the Ethiopian Christmas culture. Very few westernized and well to do families buy Christmas gifts for their children. Our sponsored children's parents don't have the exposure of the western Christmas culture and they don't have the money to buy Christmas gifts for their children. For most of our sponsored children, Christmas is no special holiday. As children they don't get to experience the joy of getting their favorite toys for Christmas. They don't get to go to places where there are Christmas fun activities, they don't get to see or take pictures with Santa Claus. Some of the children may not even have special Christmas meals prepared home for the holiday.

Therefore, they really enjoy and don't want to miss the Christmas program we prepare for them. We are glad because we are giving them a pleasant childhood Christmas experience.

For the older children, fourteen years and older, we gave a promise of a trip to a place with hot springs sometime later in the spring semester. We will have swimming in the hot pool with fun games. We will do gatherings around the campfire and much more. This will be a "once in a life-time experience" for these children. This is why we now ask you for an extra donation to help us pull this off to the success we plan it to be.

Please feel free to forward a gift on any amount. Use the info below or go online to www.pcg.org or contact the World Mission Office. P.O. Box 211866, Bedford, TX 76095

BUT GOD

We are so incredibly excited to be officially serving in the Caribbean on behalf of the Pentecostal Church of God.

We would like to thank the General Missions Board and the Indiana District for allowing us

this opportunity to GO as Christ commanded and to chase the call He has placed on our lives.

Historic rains brought catastrophic flooding to Trinidad and have left 1000s still without basic needs.

We hope to send more workers out into the Caribbean through the PCG Bible College in Jamaica, but we have students in need of sponsors.

We hosted our very 1st Caribbean leaders meeting in November with representatives from Belize, Dominica, Guyana, Trinidad and the US. #BetterTogether

Transportation at night is difficult to obtain in Guyana and would really be a blessing to this developing ministry.

Jamaica Sends (for the very 1st time) a Short-Term Missionary

Pastor Errol Sampson is partnering with Pastor Ramchand Subramanie in Guyana for the next three months to develop an outstation planted by a multinational (Guyana, Jamaica, Trinidad & the US) Caribbean missions team (1st of its kind) last July. Would you consider partnering with us to create a greater impact in this country?

FACT: Guyana is one of the few Caribbean countries that is not an island.

AFRICA IS RISING!

Africa One Mission, One Movement is happening!

Already reports are being sent which indicate that last year more than 40 students graduated from the Bible schools.

Already many churches are being planted in Kenya, Malawi, Ghana, Ivory Coast, and in other countries too.

Already an Africa Planning Team has been formed and are developing the Movement Strategy for the whole continent.

Per Akvist, the Area Supervisor, has made visits to Kenya, Ivory Coast, Ghana, Malawi and Mozambique. We are in constant contact receiving statistics and information about all the Africa Bishops and what is happening in their countries. And they are reaching out to new bishops and leaders in new African countries.

Stay tuned as preparations are made in Africa for Bishops and leaders to attend the Centennial Celebration in Dallas during the month of June 2019. This is a global conference and we want Africa to be well represented. Your donations will be used directly for enabling our African PCG leaders to attend.

Much blessings for 2019,

Christmas on the Mission Field

In Myanmar our churches have a mission field. This outreach is in a Brumes Buddhist village. Burmese are the predominant people in Myanmar. Most of our church people are not Burmese, but are an ethnic tribal minority. This makes reaching the Burmese a real challenge for them.

They now have an established work in this Burmese villages. They often talk about this village as the “mission field”.

I am thrilled to see two benefits from this mission field. 1. This field is reaching some Burmese with the Gospel. 2. This mission field is also doing a lot for our church people. Myanmar has one of the poorest standards of living of all of the countries that we visit. But since they have started focusing more on their mission field, God has blessed our church people. This blessings is both spiritual & financial. They are still living on a low Myanmar standard, but I can see marked improvements.

After ministering for so long to our churches in Myanmar, I feel like their mission field is my “spiritual grandchild”. I am so proud of them.

This last Christmas, our churches gave a Christmas party for their mission field. They set up tarps for a roof and decorated with balloons & streamers. I love this. To me balloons & streamers makes this really feel like a birthday party for JESUS. The program for the party was a Christmas service followed by a Burmese dinner.

NEWS FROM THE NUTTS

Greetings in the name of the Lord Jesus Christ

What a privilege it is to serve Him! The year 2018 has come and gone and “before you know it,” 2019 will also be gone. It seems that life is a lot shorter than we think. How important it is to live right! I pray the Lord help us to do His will in this coming year.

And Gideon came to Jordan, *and* passed over, he, and the three hundred men that *were* with him, faint, yet pursuing *them* (Judges 8:4 KJV). The phrase “faint, yet pursuing them,” is significant. Even though we seem to not be able to go on we will not give up. It is time to press on. Paul states, “For which cause we faint not; but though our outward man perish, yet the inward *man* is renewed day by day” (2 Cor 4:16).

This letter focuses on Pastor Catalino Rios and his family. We had the opportunity to visit his church on a recent trip to Argentina. Directors Virgil and Janie Kincaid and Rev Lisa Miller—Caribbean Field Representative and son Noah were with me on the trip. Our heart went out to the children of his Church. Pastor Catalino feeds around aprox. 100 children several times a week. They also have Bible classes and homework tutoring. The neighborhood is poor and many times the children need homework help. They are reaching children and adults for Christ in a building that has plywood walls. Ptr. Catalino has been with the PCG of Argentina since the beginning. His family loves the Lord and are simply the best

of the best. Please pray and consider a monthly donation to help feed children and build walls in Argentina. Send all support for this project to World Missions – P.O. Box 211866 – Bedford, Texas 76095 Tag: Nutt Feed Children Argentina. Please continue to pray for us. We are in need of monthly support to be able to continue to reach people in Bolivia and travel as Area Supervisors. We love being a part of the PCG. Thanks for covering us with prayer. **ACCOUNT 0445**

FIRST QUARTER 2019

News from the Philippines!

PRAISE THE LORD! Great blessings are in store for all of us as we look forward to what our Lord is going to do in the year 2019. The Pentecostal Church of God will be celebrating 100 years of ministry in June. The PCG in the Philippines will be celebrating 61 years of ministry. The Parkmans will be celebrating 42 years of ministry in the Philippines. All in 2019. WOW! We just got the feeling that all of this is just a launching pad to what God is really going to do in the 21st Century.

LEADERSHIP CONFERENCE! In the first part of the year, all our leaders from the various Regions gather for three days of vision casting, reporting, and planning. It is a wonderful time of refreshing and anointing as goals are set for the New Year.

PRAYER POINTS! Please help us pray for:

- Spiritual, physical, financial, strength of our Filipino brethren
- One new church plant per month
- Pentecostal Church of God Asian Missions Inc.
 - Filipino Pastors
 - Filipino Missionaries in Thailand, Cambodia, Laos, China
- Bible Schools
 - Asia College of Theology & Seminary

REV. CURTIS AND SIS. COLLETTE PEART PCG FIELD SUPERVISOR FOR WEST AFRICA, AND ENGLAND

Family and Friends,

Greetings in the name of Our Lord and Savior Jesus Christ. Please remember our Brothers and Sisters in your prayers, especially those who are being persecuted for preaching the gospel.

Ghana Bishop Pasival Selly as the Overseer for PCG-Ghana is doing a great work. He believes that ministers who are going to the field must be trained, so through his Church, Pentecostal Word Aflame Ministries, he started a Bible school. Below are pictures of the 2018 graduating class. After they graduate, they are sent out on the field to Pastor new or existing churches, they are given a salary and their rent is paid. While in Ghana on September 2018, I met and spoke to the students at the Bible school. Please keep them in your prayers.

Needs:

1. Afram Plains District (PCG farm project site) .The land for this project is already purchased, but money is needed to prepare the field for cultivation and to purchase seeds.
 2. Toilets... PCG Ghana wants to build toilets in some of the poor villages in Africa. The cost of erecting 1 toilet is \$2000 US.
 3. PCG-Ghana would like to buy a plot of land for the new Church they started two months ago at Dawa with 21 members. Currently, they are worshipping in the classroom behind us. We will appreciate if assistance could be given us to help purchase this land for the brethren and help to build the new churches.
- Prayer Requests:** 1. PCG Field Representatives Finances 2. Bishop Selly as he Supervises the West Africa Field.
3. West Africa District Presbyters 4. England as they move forward to spread the gospel

THE PICKETTS IN

WINTER 2019

After East Mosul was liberated from ISIS we drove to Mosul to deliver food and Bibles AND to see what was left of Jonah's Tomb. From atop Jonah's hill we watched the war in West Mosul and prayed for the defeat of ISIS.

ISIS had dynamited the mosque built over Jonah's tomb. I found a stairway in the rubble that led down into the small mountain. We entered and found the ancient foundations of King Asarhadan's temple. We found ancient pottery, human bones, large stone carvings, and the place Jonah had been buried 2700 years ago. ISIS had been digging for things to sell on the Black Market.

We visited one of the many church's destroyed. ISIS had turned the large cross into a billboard for their evil black flag.

Our Church and team are doing good and growing. The US Consulate invited us to start another church inside their compound here in N. Iraq. The Vice Consul asked us specifically to bring the children because they never see children. There are 150 Americans working there under the highest security imaginable. The State Department doesn't have Chaplains like the military.

Our 7th load of Bibles was smuggled safely to our brothers in the persecuted church in Iran. The last load was our largest yet. We have more to send. We've sent over 40,000 Bibles and 42,000 Story of Jesus booklets total. Each Bible costs about \$3 to send. The underground church thanks you for your help.

A person under extreme persecution there had to be smuggled out recently. Our team got him out and a European country quickly gave him a visa to start a new life there. I asked him how he came to faith. He said he came to church seeking truth for 2 years. One day in church he felt a tap on his shoulder. He turned around and it was Jesus wanting to talk to him. A few nights later he was born again. Many believers from there have similar testimonies.

A sincere THANK YOU! From Grady, Becky, and the kids for your help and prayers.

to work in the hearts of the people to draw them to Himself. One young man who we met with had formerly been Muslim and

had given his life to Christ

Greetings In Jesus Name to all our faithful supporters,

I pray as we start this new year that you will be blessed with a passion and a heart to do great exploits for the Lord in 2019.

I wanted to give you an update on my last trip to Ethiopia. There was an opportunity to go to Western Ethiopia near Sudan for the first time in several years due to some positive political changes and violence beginning to be replaced by a new hope. We were able to visit three water projects that have been completed in Muslim dominated areas. The women and children in one area are coming from four villages to make use of the water from the project we completed! We were encouraged by the house church and the believers who were standing strong in their

faith. We had fellowship and prayed for them to be bold and continue to reach out to those around them. We prayed for the healing of one young man who had been stabbed for his faith by someone from a nearby village.

In two of the villages where there are water projects, there are small churches. Because of our work to bless the villages with water we have been given the opportunity to preach Christ to those that live there. We are believing that Jesus will continue

on a previous trip we had taken. He had also gone to a ILT (Intensive Leadership Training) we had given and now a few years later is leading a church in a larger city called Begi. Praise God for His Grace!

Site of one of our new water projects.

We are excited to continue to teach, serve, preach and pray for areas all over Ethiopia so that by faith many may come to Jesus Christ!! Thank you so much for your support. If you are interested in sponsoring a translation or a water project please contact us or you can send donations with stipulation for translation or Water Relief to our name and Mission number listed above.

We serve an awesome God! I am so excited to tell you about what's going on in Ethiopia right now with Abdii Boruu House of Hope!

My name is Drussilla Rofkahr, missionary appointed to Ethiopia. Abdii Boruu, House of Hope, is an Ethiopian Resident Charity Organization created to help the poorest women and children in our town of Ejere, and the nearby rural area. We are located forty-four kilometers west of the capital city of Addis Ababa. "Abdii Boruu, House of Hope" is translated to mean "A place where you can find hope."

Here is a brief update on what is happening this year. We just received land to build our own compound for our project! We will be building: a house to host interns who will be a part of the project, 4 to 6 large classrooms for women's training, 3 offices, a Kindergarten with 4 classrooms and a small orphanage which will consist of a room with 4 beds, which the Women and Children's Social Affair has asked of us. The vision of Abdii Boruu House of Hope is unlimited!

We just concluded our first graduation of 11 women. We were able to give them seed money so they can start their own businesses! Thank you for the opportunity you've given them to start their own businesses. Their lives have been changed! We are still sponsoring 14 children for education and some medical expenses. We are able to have 3 ongoing staff, a Project Manager, accountant and a guard.

Please join us in prayer for: \$10,000 to build a fence and large gate as required by the government, \$50,000 to begin the building of the facility/compound itself, for all of the women and children that we are able to reach and for God to send an intern who is qualified and passionate to our project.

We are in such an exciting time! I know that God will supply all of our needs according to His promises in His word. I wish you could see the transformation in the lives of these precious women! They live in very desperate circumstances—many of them in small shacks made of discarded wood, tin or plastic. James 1:27 says "Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world." Together we can bring hope and healing to the women and children of Ethiopia.

United in prayer for His harvest,

WINTER 2019

Dear friend and Kingdom-builder,

Praise be to the Lord who has blessed us with all the spiritual blessings in heavenly places in Jesus Christ. May He be with you in 2019 as He was in 2018. May He renew His Grace and occupy the center of your life. We wish you and your family the best for 2019! Thank you so much for your prayers and support!

As we start this new year, we are so excited about the great things that God has in store for ICCA in 2019 but we thank Him for what He has done in 2018.

Christmas Blast

What a blast it was to be with the children of the Eden Orphanage! For many of them, it was their first field trip away from the orphanage. The laughter, pure joy and excitement can be seen on their faces and is worth all the sacrifice. Thank you so much Calvary Worship Center in Corsicana TX and Pastors Michael & Melissa Bedard for underwriting this event and providing a wonderful Christmas for more than 50 children. Our goal is to sponsor 50 more children next year. You can help already by giving to our Christmas fund now!

ICCA Compound

After a long search, we are excited to announce that we've found the ideal building that will host not only our ministry headquarters but also our personal residence upstairs. It's a perfect combo that will help us start with the work needed here. There are many small meeting rooms and couple larger spaces for slightly larger groups.

Right now, we are paying about \$800/month for our rent and this arrangement will raise it to about \$1100 for the dual purpose (we will have to prepare for a little more for utilities), so \$300/month more. As it is customary here, they are asking for a total of 5 months of rent in advance (2 months pre-paid, 2 months security deposit and 1 month for the real estate agency) which amounts to \$5500. We would to solicit your support to help us raise some funds to furnish and secure the building and the extra monthly increase. It is our hope that in the short future with the help of our local congregation, we will start raising some funds here.

If you would like to support our ministry, please send in your monthly contributions to: **PCG World Missions**
PO Box 211866 Bedford TX 76095 | Missionary Acct #1505 | or, Online at www.PCG.org

Please keep us in your prayers as they avail much for us amid constant battles and attacks from the enemy! May you truly be blessed beyond measure as you faithfully serve and give for the cause of the Gospel! Thank you for your support!

Dear Brother and Sister:-

Greetings from India. Wish you all a prosperous New Year. Our God is almighty who performs wonders and miracles regardless of any time frame. 2018 had been a great year for the work in India. Crusades, conventions, Bible College graduation, church dedication and ministers conferences were held in various parts of India. Struggles and persecution arise on one side, but victory follows us in every occasion. Thank you for your prayers and support.

MINISTERS CONFERENCE, REVIVAL MEETINGS, OUTDOOR EVANGELISM:- WE were tremendously blessed by the ministry of Rev. **Russell Hylton**, Indiana and Rev. **Nathan Sherer** from Arkansas Dt. as they held Pastors conferences and dedication of a brand new church. Their ministry was so profitable to the spiritual growth. Also from New Mexico, **Rev. Felix De La Paz** preached in our local churches and held a conference for Pastors and spouses

APOSTLE MAMA PHYLLIS PCG:- Senior Pastor and Apostle Phyllis Church Traughber, at First Pentecostal Church of God, Caruthersville, Mo. has graciously built this beautiful church. Rev. Russel Hylton and Rev. Nathan Sherer dedicated this church for the glory of God. About 50 tribal and Dalit believers are worshipping in this church.

BIBLE COLLEGE GRADUATION:- 22 young men and women graduated from our Bible College. Success of our work in a nation like India needs young blood to reach the lost souls. Thank you for your prayers and support.

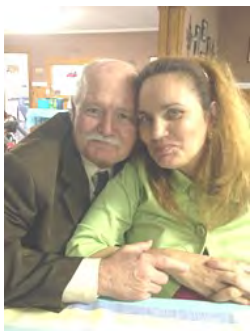

TOMMYS ORPHANAGE:- We are taking care of a total of 60 children in two states. We just had a Christmas celebration of the birth of our Lord Jesus Christ with buying new clothes, gifts and a delicious dinner. Please continue to pray for these unfortunate children who are totally depending upon you for their survival.

Dear Children of God, thank you so much for your prayers and support. Its our sincere prayers that the Lord bless you and your household with a great success in this new year. Ministers and believers in India and Nepal join together to pray for you. Looking forward to hear from you,

Yours in Christ, Brother and Sister Thomas, India.

As we look back at 2018 we reflect on what God has done. There were good days, there were difficult days, but overall it was a year of growth! The churches in Cuba continue to grow, in number (we now have 8) and in size (our first church is now running over 300, the smallest church has 40). At the same time we continue to trust God for a healing miracle for Iliana (see below for update). We had our first VBS with the new church started in February and over 200 showed up! Out of that we had 40 that accepted the Lord for the first time!

(Along with the Word they received we made sure they were fed).

Iliana update:

We covet your prayers as the news with Iliana has grown worse. She is now at a place where she cannot use her arms or legs, and she has lost about 90% of her voice. The doctors give us no hope. BUT!!!! We know our Father is the ultimate healer. Please keep us in your prayers we need a healing miracle!

We also were able to supply a new keyboard and sound system for the new church!

Thank you for your continued prayers and financial support — The Thurstons

News From Haiti

National Convention 2018

October saw the gathering of the PCG in Haiti for their first National Convention in 7 years. Given recent political unrest and problems of security across the nation we had mixed reports of what to expect in terms of attendance. By the time we convened for leadership training and business we had 124 registered voters and the church building was filled for worship services. All the offices were filled on the very first ballot cast. I have never seen a group of ministers have a such a strong statement of direction for the church. "You S'el Misyon You S'el Mouvman" was the rally cry they quickly gathered around and have purposed themselves to be "One Mission One Movement". Pastor Reynald Bien Aime is the new Bishop, Pastor Abraham Cerventes Asst. Bishop with Pastors Remy and Salnave serving as advisors. I am pleased to report they are already adding churches and new ministers!

As you can see, we desperately needed repairs to the foundation of the dorm building. We are thankful funds were given to be able to complete this task before Convention was held in October. Rony is our local guy for all things concrete and block. He and his crew do an excellent job for us every time.

We presented outgoing Bishop Fontin a new watch for his 7 years of service. He continues to serve as pastor in Crix des Boquet. We gave 6 microphone units to Pastors. Many thank you's to Cornerstone PCG in Des Moines, IA for their donation. 70% of our pastors were at convention.

Political protest continue to be held on a regular basis.

November 15 was a huge nationwide protest. While Voodoo practice is not as wide spread as previous generations, this picture is a reminder the church still has a message to preach.

Pastor Julien Cadet, a PCG minister for over 35yrs, was killed in an auto accident on his way home from convention. Interestingly, before he left he handed an envelope to a friend saying, "this is a list of people that owe me money, see my wife gets the money". He was well respected and loved by his church and family.

Itineration

Hello Pioneer Peru Family!

As many know we returned home from our internship in Guatemala after **one** year of serving and we since then have been able to start itineration. Itineration (to those that may not know) basically means that we are traveling to churches around the U.S. raising our budget for our mission to the Amazon Jungle. We feel that we are moving well on raising that budget, though monthly support is currently a major need. We are embracing the walk of faith of itineration as God continues to show us that He is our provider.

Upcoming Trip

We have been feeling a pressing from Holy Spirit to reconnect with the Yagua Tribe in February (during our itineration season) to reassure them that we indeed are returning to them (seeing as that was the last thing we had told them). The issue of trust with outsiders goes back generations with these tribes. Most Amazonian tribes believe that outsiders only want to take from them or want to get close just to kill them! Yes, this is a major obstacle that we will face but we believe that with Jesus shining through us they will see us as different and be able to trust our love towards them. **Tribal ministry takes time, but God showed out for the Yagua Tribe with healing miracles the last time we saw them. Their hearts are ready, and we cannot wait any longer to give them Jesus as sickness and death is common within the jungle.**

YAGUA TRIBE

PRAYER REQUESTS:

- MONTHLY SUPPORT - GROWTH IN PRAYER TEAM - FAITH DURING ITINERATION
- FEBRUARY TRIP (SPIRITUAL BREAKTHROUGH/SALVATION) - REVELATION AND WISDOM
- MORE SIGNS AND WONDERS WITHIN THE MINISTRY - MORE DIVINE CONNECTIONS IN THE AMAZON REGION

We want to thank each and every one of you who have joined with us in pioneering this region to bring these people Jesus. The task ahead is something to be excited about and those that support financially are blessing these hidden and isolated people with the opportunity to attain the greatest gift ever given to mankind, THE GOOD NEWS OF JESUS! We hope that one day that you can come and meet them and see the impact of the gospel that your finances have enabled to go forth for yourselves. This mission is not possible without the consistent prayers and financial support that our team so willingly gives. We also always encourage phone calls and or emails if you would like to learn more about our mission. We thank each and every one of you from the bottom of our hearts and we pray that God continues to bless all of you in every way possible!

"Give, and it will be given to you. A good measure, pressed down, shaken together and running over, will be poured into your lap. For with the measure you use, it will be measured to you."

National Missions is pleased to announce our new Global Men's Ministry Director Rev Jim Patillo

Edmund Burke once said in a letter addressed to Thomas Mercer, "The only thing necessary for the triumph of evil is for good men to do nothing!" In the parable of the talents, Jesus described a man that did nothing. After receiving his Lord's talents, he "went and digged in the earth, and hid his Lord's money" (Matthew 25:18). "When his Lord returned, he returned to the Lord just what he had been given" (Matthew 25:25). Notice, he didn't do anything evil with the money, nor did he do anything good with it.

He simply did nothing! When we look at our world today, and the plethora of challenges it faces, don't you think its time for good men to do something? If we say nothing and do nothing, evil will prevail. However, if we choose to say something and do something, righteousness will prevail and much will change for the good. God forbid that it be said of us that we saw the challenges in our homes, churches, communities, and nation yet did nothing! I declare it is time for good men to do something! We must Mentor Men for the Mission! (Jim Patillo)
