Lining up for the opening Day

That's fine flour!

Morris Maize Mill sign

The team at Mponde PCG

Certainly, everyone's prayers were appreciated for the Malawi Medical Missions Trip –May 24th to June 5th, 2016. Unfortunately, not everything went off as planned due to the medical supplies not reaching us in time. However, God's plan worked! What was more important was the impact of the spiritual ministry. Testimonies of God's healing power as well as souls being saved were among the successful highlights; 5 congregations were visited. Team members were: Bishop Charles Failosi, Manfred Broun & Blessings Gunford, Dr. Ronica Ganas, Angie & Mattie Norris, and Phyllis & Doug Copp

After a lengthy wait on the electric utility company, Morris Maize Mill is now fully operational. Locals are coming daily to grind corn and sorghum grain. On the official first day opening, various persons commented on how fine the product was milled. Thank You to all who gave sacrificially and for those who prayed for this special self-help project.

Another accomplishment was the final payment on the Ngabu property. Basically, this facility will be utilized by our pastors during training sessions, as well as other purposes. For the past 3 years pastors have been sleeping on benches at the church. Now, they can sleep in actual beds in rooms with window screens. This PCG Malawi property will be known as "The Sanctuary".

Team members Mattie & Angie Norris from St. Louis, MO.

PCG Zambia Bishop Langstone Mwandila was promoted to glory in June 2016. Please remember his widow, Margaret and family. Rev. Justin Mupila is now serving as the new bishop.
