ROMANIA AWAITS!

Autumn Greetings dear partners and friends! We are excited to be traveling to Romania in October with PCG World Mission Director Virgil Kincaid, to preach the gospel and to start a Bible seminary there! Romanians are hungry for a move of God and need training and discipleship for their leaders and parishioners, alike. We will be introducing them to, "Veritas International School of Theology," which is the PCG's Bible seminary program for the mission field. We will train them in the policies and procedures of starting their own Bible Seminary and equipping them with everything they need to start their own Bible school. They will receive forty courses, with ten and a half hours of video teaching in each course, as well as, syllabi, reading outlines or textbooks, assignment sheets, tests, grading forms, and so much more! Everything needed for them to start discipling and training people in their own Bible seminary is on a 3 X 4 inch computer back-up drive! I call it, "Bible school in a box!"

Many Christians and leaders on foreign soil do not have access to adequate Bible training, so it is paramount that the PCG help in this need by providing a quality, unified, PCG discipleship and ministry training program that will defer false doctrine from being learned and taught by our PCG churches and ministers around the world. Some people would argue that with all the information available on the Internet, that ministers and parishioners in third world countries could learn the Bible through random Internet sources. One problem with this thinking is that there are still many people on foreign soil who do not own a smart phone, or who do not have enough data on his or her phone to handle these kinds of Internet searches. The other problem with people just learning biblical information through random Internet searches is that they may learn incorrect information and false doctrine, unknowingly! This creates a weak foundation in the Bible student, and one of confusion, as the Bible student will not know which information is correct! The Pentecostal Church of God seeks to prevent this from happening by training the nations through solid, biblical doctrine that is built on our own Pentecostal beliefs and accurate teachings. Veritas International School of Theology is the PCG's answer, by accurately providing biblically sound doctrine, so that men and women across the world can learn the truth of the gospel!

Please pray for our upcoming trip to Romania! If you are a PCG missionary or world leader and would like more information about using the Veritas, all-in-one system on your foreign field, please contact us at: veritaspcg@gmail.com. God bless you dear friends and mission partners.

Thank you PCG Mission partners for helping us preach and teach the nations through your faithful, monthly support and coveted prayers! We love you! Thank you for making a difference this year in so many lives!
